

COALITION TO
STOP
RESTAURANT
TARIFFS

January 28, 2021

The Honorable Chuck Schumer
Majority Leader
United States Senate
Washington, DC 20510

The Honorable Nancy Pelosi
Speaker
United States House of Representatives
Washington, DC 20515

The Honorable Mitch McConnell
Republican Leader
United States Senate
Washington, DC 20510

The Honorable Kevin McCarthy
Republican Leader
United States House of Representatives
Washington, DC 20515

Dear Leader Schumer, Leader McConnell, Speaker Pelosi, and Leader McCarthy:

We ask for your help to end the restaurant tariffs. Restaurants, bars, and shops, the social heart of our local communities, cannot afford 25 percent tariffs on European food and drink products and cannot recover with them in place. Our industry needs the tariffs to end immediately.

Tariffs hurt many industries, but they hurt the hospitality industry most. As the crisis facing our industry deepens, the urgency of tariff relief grows. Our formula for survival through this economic crisis is simple: for each customer, we need to maximize sales of profit drivers like wine by the glass, and minimize the cost of inputs like cheese, olive oil, meat, and other food. These expensive tariffs make that impossible.

We are gravely concerned that existing and proposed support programs do not, or will not, provide relief of the restaurant tariffs. We are also concerned that given the uncertain prospects for bilateral negotiations between the United States and the European Union, tariff relief may not come until well into 2021, or later. In place for over a year, the restaurant tariffs have in no way pressured the European Union to end its aircraft subsidies, yet the United States has kept these tariffs in place through the greatest crisis our industry has ever faced. The United States and European Union remain far apart on even basic elements of the dispute, and negotiations, however well-intentioned, may stall out simply given that the aircraft industry needs subsidies now as much as any point in history.

Ending the restaurant tariffs would immediately stimulate the social heart of our local communities. We should no longer be part of this aircraft dispute. We ask for your support in ending the restaurant tariffs when they come up for review in early February.

STOPRESTAURANTTARIFFS.ORG

Thank you for considering the urgent needs of our industry. We look forward to working with you to end the restaurant tariffs.

Sincerely,

Mashama Bailey & Johno Morisano
